

Identity & Fraud Protection

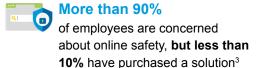

The Smart, Simple Way to Help Keep Employees Safe Online

Employees and their families do nearly everything online. But as digital crime continues to soar, this convenience puts what's important to them at risk: their assets, identities, family, and tech.

While they understand the risk and care about online safety, few employees have a solution to protect themselves. By offering MetLife and Aura Identity & Fraud Protection as a benefit, you show employees you care about protecting the things that matter to them most.

All-in-one digital safety for the whole family, available on every device.

Our solution offers smart, proactive protection to help employees get ahead of online threats. It's easy to use, simple to set up, and all in one place.

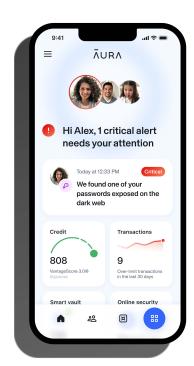

Identity Theft Protection - We alert you if we detect threats to your identity, registered online accounts, and passwords. Plus, we proactively secure your info from spam, robocalls, and more.

Financial Fraud Protection - Stay a step ahead of threats with credit and bank account monitoring, and financial tools to help keep your assets safe.

Privacy & Device Protection - Connect online more securely and privately with intelligent safety tools that help protect your passwords, devices, and WiFi connection from hackers.

Family Safety - We make it easy for parents and caregivers to protect vulnerable loved ones online with fully integrated family digital safety tools. Family plans cover 10 additional adults and unlimited minors.

Service and Support - 100% U.S.-based Customer Care available 24/7. Plus, victims of ID theft get white glove fraud resolution services and are backed by a \$5M insurance policy*.
